Oil Stain Remover

Liquid to Powder Oil Cleaner

Directions

Apply OIL STAIN REMOVER to stain with rag or squeegee. Allow product to stand for 12 hours or until product dries to powder. Once dry, sweep away residue.

NOTE: Severe stains may require more than one application. Humidity may affect dry time. Does not work below 55° F. For best results, apply in temperatures above 60° F. Do not allow unused product to freeze.

1. Pour Oil Stain Remover on stained area

2. Allow area to dry

3. Brush away
